PUT SAFETY AT THE TOP OF THE LIST
FOR 2020 RESOLUTIONS!

A WISE COWBOY ONCE SAID:

***"RELATIONSHIPS RULE,
RESPECT IS CONTAGIOUS,
COMMUNICATION IS KEY,
SAFETY IS PARAMOUNT"***

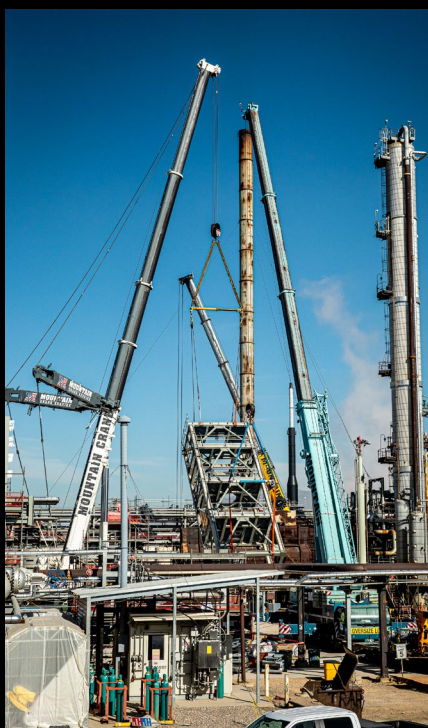

-Shane T. Jenkins

REFINERY WORK

Although refinery work is nothing new to our team, the unique project just completed at a local refinery was anything but ordinary. Beginning in September, our team was responsible for the storage, transport, and placement of 138 pieces of major equipment for the refinery. Every module and piece was successfully set without incident and ahead of schedule. A variety of equipment was used including our LTM 1500, 1400, 1220 & GMK 3600L as the main cranes, along with our Goldhofer, several RT cranes and trucks. We are extremely proud of our top notch crane and transport teams for excellent execution of this massive project!

NEW LIFE FOR HISTORIC MILL

Extreme care and planning were involved in moving this historic landmark. First built in 1918, this 68 foot mill was moved in several sections by our 275 ton crane last month. The new structure will still be seen by locals as it will be used in the architecture of a nearby bank.

LOOKING BACK ●●●●

Ring in the new year on the job site! Here, our Grove GMK 6300L is hoisting the mirror ball over the celebrations in downtown Salt Lake City in 2016. Happy New Year!

MOUNTAIN STRONG

The core of Mountain is a top notch crew who is committed to SAFETY and executing every job with professionalism and precision. We are proud to be Mountain strong.
