VETERANS DAY 2020

To all current military & Veterans, The Mountain Crane team offers a sincere thank you for the sacrifices you have made for freedom.

Incredible footage &
more details of this job!

Mountain has the only FTV
500 blade movers in the U.S.

RIDGE LINE WIND FARM

Back in 2016 the idea of building a wind farm on the steep ridges of the mountains near Rainier, WA may have seemed impossible. Fast forward to Oct 2020 as our team hoisted the final blade of the 38 turbines on this breathtaking wind farm.

From site planning in the beginning, to heavy transport of all components and the erection of every turbine, this job required grit, top notch personnel and the best equipment on the market. We are incredibly proud of the professional and safe manner every member of our crew displayed.

"This has been one of the most challenging and rewarding projects. I'm grateful for the team we had and their dedication."

-Tyler Poulsen,
Project Manager,
Mountain Crane

RIDGE LINE WIND FARM CONT ●●●●

"Mountain Crane is the best in the business when it comes to moving components up these hills and doing it safely and efficiently. They're a great team to work with and I hope we get to work with them in the future."

-Devon Desrochers, Superintendent, RES America

FOREVER GRATEFUL

Those who selflessly defend our country deserve our utmost gratitude. This Veteran's Day we honor all Veterans. We are especially grateful for those we work side by side with at Mountain Crane.

We had the great privilege recently to set a beautiful statue "Columbia", and several veteran name walls at a local memorial park. As our crane lowered the statue, the artist and park organizers looked on as their visions of the park became a reality. Read the full story [here](#).
