#19

Mountain Crane Service ranks #19 on American Crane & Transport's list of the top 100 crane companies in North America! We are proud to be included in this great line up.

# M MOUNTAIN

Our 900 TON & 110 TON

Whether it's the massive LTM 1750 (900 ton crane) or the enormous turbines, you can't help but stand in awe as you watch the two come together on a wind project. Our team has been on-site for several weeks doing wind maintenance at a local Wyoming Wind farm. The job went seamlessly thanks to a great crew! Congrats to all involved.

## Lovin' the tilt panel!

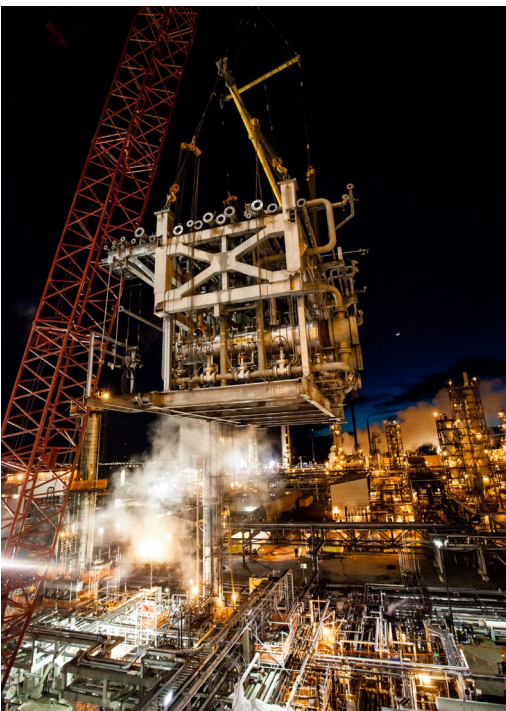

When it comes to tilt panels, Mountain Crane has the team with the experience to get the job done. It's incredible to see a building take shape in a matter of days and sometimes hours. Fun fact: Our tilt team averages 350 panels per month!

## Looking Back ....

*2014*

Refinery turnaround. This 208,000 lb module rolled in on 10 lines of goldhofer and was picked up by our Manitowoc 2250 & maxer 2000 attachment.

# MOUNTAIN STRONG

The core of Mountain is a top notch crew who is committed to SAFETY and executing every job with professionalism and precision. We are proud to be Mountain strong.
